The Purrfect Gaming Tablet!

TAB-e

TAB-e, Video King's newest portable gaming tablet, boasts the same fine features of our "top dog" tablet, The Champion II™, but at a reduced cost and weight.

Connected to a Wi-Fi network for device management and game play, this 2.5 lbs., touch-screen tablet covers approximately 10 x 6 x 2 inches from tip to tail. But, like the "Champ," its laser-sharp images virtually leap off this amazing, high-tech machine.

Player Friendly Features:

- Easy Grip Handle
- Bright, 7-inch Widescreen Color LCD
- Light-Touch Touchscreen
- Easy-To-Use Integrated Stand
- Great "On Table" Stability (Rubberized Contacts)
- Intuitive Graphics
- Audio Notifications On 1 Away & Bingo!
- Selectable Background Colors, Dabbers & 1, 2, 4, 6 & 9 Card Play Screens
- Play Time Remaining Clock
- Wide Variety of Fun & Exciting Games

Hall Friendly Features:

- Easy For Players To Learn
- Compact, Lightweight
- Stacks Well For Carting Units Or Carrying Units
- Clearly Visible LEDs For Charge & Application Status
- Reliable Wireless Network Operation
- Easy Wireless Software Upgrades
- Minimal Returns/Repairs
- 3-Hour Charge Time
- Audio Speaker

The same sturdy design - with a convenient carrying handle and stacking points - the TAB-e can "run" with the Big Dogs, packing enough battery power to generate up to 12 hours of play.

Capable of playing hundreds of cards per game, the TAB-e supports both 75- and 90-number Bingo, and - at the same time - a wide variety of Video King's highly popular, credit-based, specialty games.

Multi-lingual with support for all of our English, French and Spanish players, the TAB-e, - packed with nine lives o' fun - is "purrfectly" suited for play!

Rack Features:

- Easy-Insert Counter Top Design
- Holds Up To 12 Tablets
- Rugged, All-Plastic Construction
- Durable, Nonmarking Textured Black Finish
- Dimensions: 24 1/2" L x 8 5/8" W x 6 1/8" H
- Rack Weight: 5 lbs.
- LED Indicator To Indicate Rack Power
- Tablets Insert Vertically Into Self-Guiding Slots
- Tablets Charge Through Two Spring-Loaded Pin Contacts
- 15 Amp 120VAC Service Can Power 5 Charge Racks
- FCC Class A Emission Certified & UL/CUL/CE And ROHS Certified
- National Indian Gaming Commission Technical Standards Compliant
- Charge Current Per Slot: 2A at 12 VDC Maximum
- Maximum Power Consumption: 320W at 120 VAC 60Hz
- Universal Power Supply Accepts Input Power of 90-264VAC 50-60 Hz
